Dear Parent/Carer,

As the end of the summer term fast approaches, I am writing to let you know our plans for the next few weeks and provide some information about the coming academic year.

Monday 8th July: Sunderland Museum and Winter Gardens, 12:30 – 13:45. All welcome!

We invite you to join us to acknowledge the wonderful achievements of all our students at celebration event at Sunderland Museum and Winter Gardens. This will take place in the learning space on the ground floor of the museum during which students will display some of the work that they've produced across a range of subjects. Additionally, some of our students have been researching and investigating our local area, in particular the coastal landscape and associated features. In response to a design brief generated in partnership with Sunderland Culture, these students have produced some items that could be sold in the gift shops at the Sunderland Culture venues. As part of our celebration, we have been allowed to display the students' work in their gift shop.

On Friday 12th July, all students will visit Seventeen Nineteen to participate in 'Heritage and Home', a new, exciting project collaborative project for schools. The visit will involve a 'Sunderland by the Sea' workshop during which students will further explore Sunderland's close links to the sea throughout history and their own links to the coast. They will then create 3D house boats using a variety of construction techniques to create a city ON the sea.

Schedule

8.40 am: Students will attend school as usual in uniform.

9:00am: leave school at to walk to the venue.

The workshop will last for two hours, and we will walk back to school in time for lunch at 12:05pm.

Students are welcome to bring a drink for the trip.

Friday 19th July: Adventure Sunderland, half day

On the last day of term, we have organised a half day of activities at Adventure Sunderland. On the day, students will spend the morning participating in a range of activities including archery, bell-boating, paddle-boarding, climbing and other team building activities.

At lunchtime, we have the use of a pizza oven so will be providing students with a homemade pizza lunch. Students are free to bring a packed lunch should they prefer. We do advise that students bring plenty of drinks for the day as
